A Revolutionary Choice

TM go365 combines CompuMark's deep trademark search expertise with advanced machine learning and image recognition technology to deliver results you can count on to make critical brand decisions, quickly and cost effectively.

Immediate Results

Use the power of our self-service trademark clearance solution to get trusted results in minutes, whenever you want. Using our new state of the art word and image recognition technology, identify potential conflicts quickly and cost effectively.

Reliable Content

Robust, quality-checked trademark database content and comprehensive common law data sources reduce your risk of missing critical results. Patent-pending decision support tools let you pinpoint the most important findings quickly, without losing sight of the big picture.

Powered by Expertise

Advanced expert systems and machine-learning technology, powered by our deep trademark expertise, delivers only the results you need to review. Receive intelligence you can rely on without having to wade through a large volume of less relevant results—a common scenario with online solutions from other vendors.

Robust Common Law Coverage

Our Common Law database has more than 2 million records, including the Mintel Global New Products Database and industry-leading Web Common Law. Only CompuMark searches two leading search engines, with links to relevant web pages for instant follow-up. More common law coverage means less chance of missing relevant findings.

Customized Global Coverage

No other online solution offers comparable global coverage, with the flexibility to select only the jurisdictions that matter to you.

Reporting Made Easy

Create and share actionable search reports in seconds with our proven Analysis Tool and custom report templates.

Affordable Quality

With TMgo365, you don't have to compromise on quality to get reliable clearance results. Avoid the risk of not clearing your secondary and seasonal brands because you don't have the budget for a Full Search.

Responsive Support

Self-service doesn't mean you're on your own. The industry's best customer service team is always just a phone call or email away—24 hours a day, five days a week.

A Flexible Choice

TM go365 complements our expert-assisted Full Search solution—the gold standard in trademark clearance. Together, they give you the flexibility to select the right trademark clearance solution for each brand and budget.

Part of our comprehensive trademark clearance offering

There's no other solution that delivers the combination of speed, convenience and trusted trademark intelligence you receive with TM go365. CompuMark is the only search provider with solutions that encompass your entire clearance process with the added advantage of choice.
